HOLE-IN-ONE CLUB

Requirements for Membership in the Hole-In-One Club are as follows:

- WCC members and their eligible family members
- Each person must sign an application – it will remain valid until a cancellation is signed.
- Members are required to cosign their dependents application for billing purposes.
- Membership becomes effective at 12:01 a.m. on the day following the day the application is signed.

How the Hole-In-One Club works:

- Each time a Hole-In-One club member makes a hole-in-one, every member in the club will be assessed \$5.00. The charge will appear on their next monthly statement.
- Willowbrook will issue a credit to the member’s account for the total amount assessed.

Criteria for making a Hole-In-One:

- The hole-in-one must be made at Willowbrook Country Club between the dates of March 1 and November 30 during an 18-hole round of golf.
- You must be playing with at least one other Willowbrook Country Club member at the time of the hole-in-one.
- Report your event to the Pro Shop immediately after your round with a signed, dated and attested scorecard (the card will be returned to you).
- Any hole-in-one made on holes where either a temporary tee or a temporary green is in use will NOT qualify for payment.

I hereby request membership into the Willowbrook Hole-In-One Club. I understand that each time a member scores a “Hole-In-One”, I will be assessed a \$5.00 charge on my next statement. My membership will remain valid until I sign the cancellation portion below.
